- Able is pleased to submit this quotation for your consideration. This quotation is based on Able's initial teardown evaluation and is valid for 30 days only
- Please note, once repair and/or overhaul processing begins, unforeseen damage may be revealed which may alter Able's originally quoted price and/or turnaround time. Should this occur, Able will notify you promptly and provide a revised quotation
- Components listed on the quotation will be returned to you FOB Shipping Point via the method you request or ground if you do not specify.
- Able will not place insurance on your return shipment unless you specify this option in writing and provide the total dollar amount of insurance you require.
- Please be aware, Able's above-indicated pricing does not include shipping costs, export handling fees, imports, duties, other service fees, or insurance costs as may be required. Any aforementioned fees will be added to your invoice, if incurred by Able.
- If quoted turn around time results in a ship date falling on a weekend or holiday, actual shipment automatically defaults to the next business day
- By signing this quotation, you acknowledge that any invoice, tendered for an Able provided service, remaining unpaid greater than 180-days shall result in ownership transfer of components quoted herein to Able
- Invoices paid by credit card or international wire transfer will incur additional fees
- This Able quote includes all discounts and volume rebates, if applicable
- Able quoted turn around times are contingent upon the following:
 - Replacement part availability
 - Timeliness of OEM, Regulatory (I.E. FAA, EASA, CAAC, etc), and/or Customer approval of new repairs, as may be appropriate
- These commodities, technology, or software were exported from the United States in accordance with the Export Administration Regulations. Diversion contrary to U.S. law is prohibited.
