Hello,

We are able to offer SEAL-PLAIN .841 X .310 X .875, PN 3076456-01. The list price for each item is \$989.30(USD). If stock is depleted at time of ordering, lead time may incur. Lead time for this item is presently estimated at 30 days and is subject to change and availability. Quantities outside of standard units per engine may experience a longer delay in delivery. Alternate or superseded suggestions by Pratt & Whitney Component Solutions, Inc. ("PWCS") contained in this message must be verified by your company in order to make sure that they are applicable to and compatible with the engine application for which you are seeking a quote . As well, the quoted parts are for use in aircraft engines currently in production. Future engineering improvements may introduce superseding parts that may be priced differently and/or that may have a different lead time. For these reasons, it may be necessary to revise your order to enable completion of deliveries.

This quote is valid for 30 days and any sale of material is subject to the issuance by you of a Purchase Order that shall be accepted solely upon PWCS' express review and approval of same. Such Purchase Order is subject to PWCS Standard Commercial Terms and Conditions of Sale ("Standard Terms and Conditions"). If a representative from your company has not yet signed our Standard Terms and Conditions, please do so prior to purchase by following this [link](#). When issued (and approved by PWCS), your Purchase Order constitutes acceptance of all the terms and conditions contained in the Standard Terms and Conditions, which shall apply to the exclusion of any terms and conditions contained in any order or communication by you not specifically agreed to in writing by PWCS. PWCS' acceptance of your order for the purchase of deliverables is expressly made conditional on your acceptance of the terms and conditions contained in the Standard Terms and Conditions

Kind regards,*Makayla Struyk*
