Pricing

Quote pricing is in US Dollars. Unless otherwise stated, all prices are Ex-Works INCOTERMS 2010. Pricing is subject to review and/or change to align with execution year market conditions. Freight charges will be included on the invoice at the time of shipping if a freight account number has not been provided. \$250.00 minimum purchase for all orders

Payment Terms

Net terms based on credit limit granted for approved accounts. Otherwise, prepayment terms apply.

Credit Terms

Credit Terms are established for existing customer accounts and will apply. New customer accounts will remain on prepay terms until credit terms are established.

Lead Times

Standard Lead Times are quoted. When a PO is received, an updated ship date will be obtained from Production Planning. Quoted parts may be limited to stock on hand and are subject to prior sale.

Certification

Review of Certification requirements will occur when a PO is received.

Export/Trade Compliance

For ITAR & Encrypted part, an End User Statement may be required. Regardless of ECCN, if any reference is made to a country noted on the country chart below an EUS is required. Regardless of countries involved, if the ECCN for a product is 3A611, 5A002, or 9A610.x, an EUS is required. US and other country export regulations and our related compliance policies may require (1) that you execute and provide end-user, end-use, and other supporting documents in a format as requested by us or a relevant Governmental entity; and (2) that we obtain all required export license(s) and / or other required authorization(s). Lead times as stated by us commence upon completion of the foregoing. We reserve the right at our reasonable discretion to not accept or to cancel your order and / or withhold deliveries under any order until the foregoing is completed and we have validated compliance to such regulations and policies.

End User Statement

End User Statement

Instructions for End User Statement

If any of the products on your quote have a FAA status of NOFAA, CERT HOLD, CERT\_NOTE, QA HOLD, EXT\_PAH, FRGN\_CAA, COMMERCIAL, PROTO OR BLANK you must complete an end use form and submit it with your purchase order. Failure to submit the form with your purchase order will result in the delay in order processing. Using the End User Statement link provided above, click view menu to open in 'Edit Document' mode, and complete all required information highlighted in red. A completed End User Statement document must be provided on your company letterhead, and signed by an authorized person, when submitting a PO requiring export control review. To avoid delays in processing, the form must be filled out completely and correctly. Please contact Canyon Quote Contact listed above with questions.

Warranty Periods

The Standard Limited Product Warranty period is 24 months from install, not to exceed 30 months from date of shipment. Component/Piece Part Warranty period is 90 days from installation not to exceed 180 days from date of shipment. Refer to our Terms and Conditions of Sale for additional warranty details and conditions.

Terms and Conditions

This quote is made subject to the current Chelton Avionics, Inc. Terms and Conditions for the Sale of Goods and Supply of Services as attached at Terms & Conditions.

Download Terms & Conditions

Chelton Avionics, Inc. d.b.a. Canyon AeroConnect expressly rejects FAR 52.223-99 and DFARS 252.223-7999 as well as any other clause or provision of a similar nature that requires or mandates a medical procedure, testing, inoculation or vaccine. You may contact our Compliance Manager at 928/925-6524 or email if you would like to discuss this matter.

Canyon AeroConnect's general return policy allows for the return of many products in new, un-opened condition when returned in a timely manner. However, many custom

products are non-returnable. All return requests must be evaluated and may be subject to a restocking fee. Due to the custom design of many products, Canyon AeroConnect observes the right to refuse any return.

After purchase, change proposals, including cancellations, must be submitted to the seller for consideration. If accepted, fees may apply. Customers that fail to take delivery of equipment that has been acknowledged may be subject to additional storage or order change fees.
