## Features

Low Printing Cost

Print up to 2,500 pages (B / W) of A4 documents and enjoy at least 50% ink savings with Canon's genuine PGI-2700XL ink cartridges.

3.5" Touch-screen LCD Display

Improve visibility and navigation with a large 3.5" Touch-screen LCD display, hence reducing operational errors.

Choose wired or wireless

With both wired and wireless connectivity, print from all your devices without a router, from the Cloud, and scan directly to a network folder.

### Marker and Highlighter Resistant Documents

The high density pigment ink not only produces crisp and sharp text, it is also water and highlighter resistant.

### Auto-Duplex Printing

Save on time and resources by printing on both sides of the paper automatically.

### Single Pass 2-Sided Scan

Increase scanning efficiency for double-sided documents with the integration of two Contact Image Sensors (CIS). This new scanning technology enables quality scans with maximum productivity.

### Canon Recycled Zero (FSC)

Produced with 100% post-consumer waste, the Recycled White Zero is a CO2 neutral, 100% recycled paper. Its high white colour is achieved using modern production method (Processed Chlorine Free – PCF). The paper offers an environmentally friendly alternative and is suitable for further recycling into new paper.
