Credit Release No: * Shop Labour for additional workscope *

Payment Terms: CBS MRT Labour for additional workscope: *

Exchange Rate * Customer Parts Discount: 25%

Customer Address:

This estimate is valid for 30 days, in US currency, and does not include any GST, taxes, duties &/or shipping charges that may apply. Please fax / email your signed acceptance of this cost estimate along with clearly defined Purchase Order. After this period the estimate is subject to change. All warranty credits in this estimate are subject to P&WC Warranty Administration consideration. For any engine/component on customer hold for more than 30 days, all incurred costs to date will be invoiced, as well as fees at a rate of \$100 per day until the engine/component is released to completion.

* Please note that the final repair cost will be based on the total of: new parts, svc parts, repair/reworks, actual travel costs, airfares, accommodation, meals, allowances and local transportation etc

* In order to reduce the repair costs we may be able to offer an exchange part. Should the removed core fail the repair process there will be an additional invoice.

* To enable warranty consideration to be given on the listed components, please supply, if not already supplied, the engine S/N, TTSN, TCSN, TTSO & TCSSO, together with the last repair where these parts were replaced. This information must be provided with the cost estimate approval to enable the credit, if due, to be applied to the invoice.
