Breeze-Eastern thanks you for the opportunity to submit the following per your request. When issuing a Purchase Order for this/these Part Number(s) please reference our Quote Number R901116

Line	Part No.	Part Description	Ready ARO (days)	Unit Price	Ext. Price
		<i>Export Cat No.</i>			
1	BL-29700-23-R H-H FAA-PMA	(C) HOIST ASSY, RESCUE S/N 089 1 EA 9A991.d \9801.10.0000	90	121,945.00	121,945.00

(-R) after Breeze part number is strictly for internal administrative purposes only. This is not part of the Breeze part number. The above unit was returned for Overhaul.

Please submit your purchase order to reflect the Service Cost and Estimated Date of Shipment as the date of purchase order amendment plus 90 days. Per Breeze-Eastern policy, the purchase order will NOT be accepted if the Service Cost or Estimated Date of Shipment is stated incorrectly. This quote is valid for 90 days, after 90 days the service will be subject to requote for increased material costs and storage fees. The evaluation fee is \$8132 and is waived with an amended Purchase Order with the accurate Service Cost. If after receiving the quotation the decision is made to not fund the repair, a purchase order for the evaluation fee is required and the unit will be returned in a disassembled condition.

The quoted price does not include any freight/shipping charges. Please provide the preferred return shipping method Name of Carrier, Service, and Account Number.

The quoted service cost represents the typical parts replacement and the associated labor content after an initial evaluation. The Ready ARO (days) is the estimated service time on a best effort basis and starts after receipt of amended Purchase Order and authorization to proceed. Based on outside processing of major components, replacement material beyond the scope of the initial evaluation may be required subsequently affecting the service cost and estimated service time. In this instance, Breeze-Eastern reserves the right to extend an over and above quotation to cover the additional service cost.

All mandatory ECOs will be incorporated. The unit is to be tested and certified to the latest revision with issuance of FAA/EASA. All parts removed from the unit during the service process and not reused in the rebuild process will be scrapped when the unit is shipped unless otherwise instructed by the customer. It is Breeze-Eastern's normal procedure, as an FAA certified repair station, to utilize new, refurbished, repaired and/or overhauled components, at Breeze-Eastern's discretion, to accomplish repairs and overhauls of rescue hoists, cargo winches and cargo hooks.

(Any resulting purchase orders must be accompanied by the government contract number if the above parts are for US Government resale.) Breeze-Eastern Standard Terms and Conditions of Sale apply to the sale of products by Breeze-Eastern (Breeze). Breeze-Eastern Standard Terms and Conditions of Sale can be found on our website at <https://www.breeze-eastern.com/customer-resources>. Any additional or different terms proposed by PURCHASER are hereby objected to and shall be of no effect nor in any circumstance binding upon Breeze unless specifically agreed to in writing by an officer of Breeze. Breeze shall not be deemed to have waived any of its rights if it fails to object to provisions appearing on, incorporated by reference in or attached to PURCHASER'S purchase order form. PURCHASER'S silence, acceptance or use of Breeze's products or services constitutes PURCHASER'S acceptance of these terms and conditions of sale.

Export of the goods, services or any related technical data delivered under the order resulting from this quote may be subject to United States export restrictions. Such restrictions include, but are not necessarily limited to the International Traffic in Arms Regulations (ITAR) and or the Arms Export Control Act. Purchaser will not export these articles unless it complies with all applicable laws and regulations. Breeze-Eastern will not be the exporter of record.

Sincerely,

Kelly Carnivale
