

“ Every company says it has the best people in the world, but when you look at our story over the last decade, the proof of that is glaringly apparent. Our constant has been, and will always be, the passion, determination, and all-out obsession of our employees.

Steve Richman
Group President of Milwaukee Tool

Milwaukee Tool is an industry-leading manufacturer of heavy-duty power tools, accessories and hand tools for professional users worldwide.

Since the company began in 1924, Milwaukee Tool has led the industry in both durability and performance. With an unwavering commitment to the trades, Milwaukee continues to lead with a focus on providing innovative, trade-specific solutions. Whether it is through their leadership in LITHIUM-ION

technology, as seen in the M12™, M18™ & M28™ Systems, time-saving accessories or innovative hand tool products, Milwaukee is dedicated to delivering a steady stream of advanced solutions for the trades that offer increased productivity and unmatched durability.

To do this, Milwaukee takes the time to work side by side with real craftsmen to understand the demands of a constantly changing workplace and how they can best deliver solutions that help the user work both faster and smarter. Milwaukee knows that professional users sweat the small stuff, and so do they. They pay attention to the small details that that make a big difference. This user focus not only leads to solutions for real jobsite challenges, but fuels the disruptive innovation seen across all product lines.
