

MR. KWAN YEE HONG

Calibration Training

I/C No. : 780516-14-5877

Mr. Kwan Yee Hong is currently the R&D Manager and also held the position as an Approved Signatories for laboratory and on-site calibration in the field of Heat & Temperature, Mass, Pressure, Force, Torque, Hardness, Volume and Speed at Pyrometro Services (M) Sdn. Bhd. With his more than 10 years experience in setting up calibration laboratories, study, research and develop for daily special calibration job to continuously expanding the calibration capabilities at Pyrometro.

He is well trained in the metrology as Temperature, Pressure, Mass, Force, Torque, Dimensional, Time and Frequency. Also in quality training such as Verification Technique Using SPC, Measurement Uncertainty Estimation and ISO/IEC 17025. He has a vast experience in calibration with his participation in Flow Meter calibration, Prover Tank and Radiation Thermometry calibration organized by NML Malaysia. He has also attended Mass Metrology Training organized by Singapore Mettler Toledo.

He is a Certified Trainer for Corporate Programmes by PSMB (TTT/5985). With his experience as a trainer and consultant in field of Heat & Temperature, Mass, Force, Torque, Pressure and Hardness, and responsible for company continuous development through his R&D, qualifies him to conduct the MS ISO/IEC 17025 Laboratory calibration training.
