General Disclaimers:

- The service provided is subject to detection limits and confidence intervals inherent in our current methodology. Because each client relies on analytical results for a particular purpose, it is their responsibility to ensure that the quoted detection limits and confidence intervals meet their requirements.
- The service is provided with due care and skill. However, any liability of ALS for breach of any condition or warranty implied by statute is limited to supplying the service again or paying the cost of having that service supplied again. The customer releases and exempts ALS from any other civil liability for any error or negligence.
- When any analysis is to be performed, neither ALS nor its agents, or subcontractors shall be liable for any loss, deterioration of destruction of, or damage to, any of the client's samples or property, but at all times the samples or property shall be at the risk of the client, who shall indemnify ALS and its agents and subcontractors against any action, claim, suit or demand arising from any such loss, deterioration, destruction or damage.
