Hello Sarah,

For @galaxyaerospace.my, yes you are right that for 10 users, it is \$100 per month.

For @gading.com.my, currently for 14 users you are paying \$58.33 per month. If you take up our offer, you only pay \$93.33 per month instead of \$140 (14x10) per month.

If @galaxyaerospace.my is part of gading.com.my, you could add @galaxyaerospace.my as a domain alias, or secondary domain under @gading.com.my. Then you will be able to get the 6 month free offer for both domains.

I can can you roughly at 2pm for further explanation. Would this suit?
