

AMO MEMO

To: AMO Personnel
From: Engineering Manager
Date: 29 March 2021
Re: Discontinuing of salary revision for LWTR.

With effective from 01 April 2021, staff who obtain CAAM LWTR later than this date, either in Category A or B will not be entitled for an automatic salary revision.

A salary will be revised with the appropriate allowance included once a process of Company Approval has been completed for any license category and aircraft type. Technically, the revision shall only take place once a signing privilege is issued by Quality Department.

To prevent delay in obtaining the Company Approval, all potential LWTR holder need to notify the AMO office with all the evident by email (amo@galaxyaerospace.my) when expecting to obtain the license in at least 4 months' time for the office to prepare the necessary type training and mandatory training as per MOE.

Thank you.
