

CONTINUING AIRWORTHINESS MANAGEMENT ORGANISATION MEMO

TO: GAM AMO Dept, GAM CAMO Dept.	FROM: Technical Publication
CC: GAM AM, GAM QAM	DATE: 02.08.2022
REFERENCE NO.: CAMO/MEMO/2022/55	

Dear all,

Subject: eCharts for Windows Weather Service Sunset

Details: Starting on August 19, 2022, the weather service in eCharts for Windows will no longer be supported. As a reminder, eCharts for Windows is on the sunset path with plans to replace its functionality with a new ground viewer service as soon as the necessary enhancements are completed. We will provide more communication as these dates become firmer. To be clear, eCharts for Windows is not being sunset on August 19, 2022, only the associated weather service.

Date & Time (Zulu): 2022-1st Aug-15:00Z
