**Re:** GAM/Q-014, Practical Experience Worksheet

---

Dear all,

With reference to the AN6501 and MOE part 3.4.2 para. 5,6 & 7

1. AN 6501 para. 7.3 (c),
  - a. The Organisation shall ensure that all certifying staffs are involved in at least 6 months of actual relevance aircraft or component maintenance experience in any consecutive 2 years period.
  
2. MOE part 3.4.2 para. 7
  - a. Application for company approval must be submitted with written evidence of practical experience using form Practical Experience Worksheet (**GAM/Q-014**)

For info. QA Department is going to introduce the new Aircraft Maintenance Experience Logbook to replace the current Practical Experience Worksheet (**GAM/Q-014**) which will be further explained in the QAN.

For the time being, please use **GAM/Q-014** as attached to record your maintenance experience.

Immediate compliance is required.

Thank you.
