**Re:** Technical Competency Module in GAMS

---

Reference:

- 1) Maintenance Organisation Exposition (MOE) chapter 3.4.5 - Training / Continuation Training
- 2) CAAM Notice 6501 chapter 7.3 (e) – Continuation Training in each 2 years period.

**TECHNICAL COMPETENCY** is a new module that has been developed in GAMS for AMO. This module serves the requirement of MOE and CAAM Notice 6501 with regards to the continuation training and update to current technology related to an aircraft under the AMO capability.

A company Approval Holder (AH) must have an up-to-date knowledge on the technology and improvement on type of aircraft he / she is rated. Therefore, it is **MANDATORY** for all AH to read and acknowledge every single task related to the aircraft type he / she been authorized to certify under the Company Approval privilege.

The summary of tasks acknowledgement for each individual personnel will be presented to Quality Department during the renewal application of Company Approval every 2 years. Thus, application with incomplete task acknowledgement will be declined for a renewal.

Please adhere to the requirement.
