

## 2.2 Scope of Work

GAM DO is approved to Category 2B and 3B with Restricted Technical Fields and shall operate within the terms of approval stated in the tables below:

Category	2B Restricted Technical Fields	
Kind of Products	Classification	Technical Fields
1) Small Rotorcraft	Major changes only	1) Cabin Interiors
2) Large Rotorcraft	Major changes only	1) Cabin Interiors

Category	3B Restricted Technical Fields	
Kind of Products	Classification	Technical Fields
1) Small Rotorcraft	Minor changes and minor repairs	1) Installation of avionics equipment
		2) Electrical Systems
		3) Structure
		4) Cabin Interiors
2) Small Aeroplane	Minor changes and minor repairs	1) Installation of avionics equipment
		2) Electrical Systems
		3) Structure
		4) Cabin Interiors
3) Large Rotorcraft	Minor changes and minor repairs	1) Installation of avionics equipment
		2) Electrical Systems
		3) Structure
		4) Cabin Interiors
4) Large Aeroplane	Minor changes and minor repairs	1) Structure
		2) Cabin Interiors

**Limitations of Technical Fields**

	<b>Installation of Avionics Equipment</b>	<b>Electrical System</b>	<b>Structure</b>		<b>Cabin Interiors</b>
<b>Small Rotorcraft</b>	<u>Installation</u> of avionics products, e.g.: <ul style="list-style-type: none"> <li>• TSO/ETSO items,</li> <li>• ELT system,</li> <li>• Navigation system,</li> <li>• Communication system,</li> <li>• Tracking system.</li> </ul>	<u>Installation</u> of: <ul style="list-style-type: none"> <li>• Electrical distribution system,</li> <li>• Lighting system.</li> </ul>	<u>Minor Changes and Minor Repairs</u> of: <ul style="list-style-type: none"> <li>• Metallic airframe structures,</li> <li>• Secondary structures,</li> <li>• Subject that do not require Fatigue and Damage Tolerance analysis.</li> </ul>		<u>Major and Minor Changes</u> of: <ul style="list-style-type: none"> <li>• Cabin and flight deck interiors.</li> </ul> <u>Minor Repairs</u> of: <ul style="list-style-type: none"> <li>• Cabin and flight deck interiors.</li> </ul> <u>Installation</u> of: <ul style="list-style-type: none"> <li>• TSO/ETSO items.</li> </ul>
<b>Small Aeroplane</b>			<u>Structural provision</u> for: <ul style="list-style-type: none"> <li>• Installation of avionics equipment,</li> <li>• Electrical system,</li> <li>• Cabin interiors.</li> </ul>		
<b>Large Rotorcraft</b>			<u>Installation</u> of: <ul style="list-style-type: none"> <li>• External placards and markings.</li> </ul>		
<b>Large Aeroplane</b>					

**NOTE:**

Guidelines for DOA Scope of Work procedure (GAM/DOA.P04) should be used as a guidance for DO personnel.
