Dear En. Eqbal.

Good day to you sir.

We received a report regarding construction workers crossing the apron during aircraft operation to get to hangar 2.

It is hazardous for anyone who crosses the apron while in aircraft operation especially for a person who does not know the status of their awareness.

In security aspect, it is a breach of security whereby the MIAT-secured compound is compromised.

Attached with its email the hazard report for your kind perusal.  
Please do not hesitate to contact me for any further clarification needed.

Thank you

Kind Regards,

**Syed Mohd Rastam Jamalulail Syed Ikmal Hashim**

Dear En Syed,

We acknowledge this issue. We have informed our contractor, Yakin Serba Sdn Bhd, on this matter and advised them to implement the safety measures to their worker.

They will ensure that this issue will not happen again.

Thanks.

Best regards,
