# Leon Eddem Ejrush

- A fresh graduate of **Diploma in Aircraft Maintenance Engineering**, seeking a full time job and position that offers professional challenges utilizing interpersonal skills and problem solving skills
- **Inquisitive** and **adaptable**, with a passion to further thrive and expand knowledge in the aviation industry
- Apart from that, I want to suit myself in an industry where I'll be exposed to well-defined engineering activities.

---

## Experience

May 2019 - Oct 2019 Final Year Project (2019) Nilai University | Negeri Sembilan

- Final Year Project (2019) During May semester 2019, our class did a Mock Aircraft as a task for our Final Year Project. During This project, been divided to 4 groups which is Fabrication, Mechanical, Electrical and Pneumatic team. Each group did their own job to make this project works. This project been handle by our lecturer which is our Supervisor for this project and we already upload this project on Youtube.

-

---

Jun 2021 - Dec 2021

Nilai University | Negeri Sembilan **Internship (2021)**

- Due to pandemic that happened, there's not a lot of company that open for internship and i did my internship/ in house training at Nilai University Hangar. During the internship program, our lecturer guide us throughout during the internship program. This internship program start from Jun 2021 to December 2021.
- Various works and activities that we did such as aircraft towing, removal of aircraft seat, aircraft jacking, wire locking, removal and installation of aircraft landing gear and etc.
