6 LV1, Laurel Laman View, Cyber 9, Cyberjaya
63000

Objective

1. Seeking a position in a maintenance repair organization for rotor aircrafts that offers a challenging work environment and a bright future for its employees, where valuable experience, knowledge and skills can be obtained.
2. I would like to apply and share my knowledge and skills with the company in order for it to achieve more success and competitive advantage over other companies and lastly to improve myself as a person and as an employee.

Employment History

09/2021 – 10/2022

B1.3 AW 139 Supervisor

Gulf Helicopters

Supervising base and line maintenance to meet company goals in a safely manner. Organising tasks for technicians on flight preparation. Also plan for any base checks due. Working with offshore operations and also involved with military mission for Qatari Airforce.

11/2019 – 08/2021

B1.3 AW 139 Engineer-In Charge

Galaxy Aerospace
Malaysia Sdn Bhd

Managing workflow, overall role is to communicate organizational needs, oversee team performance, provide guidance, support, identify development needs, and manage the reciprocal relationship between each person in the team and the organization so that each is successful. Working with Malaysian Police Helicopter and also Malaysian Firefighters Helicopter. Involving with different kind of operation such as SARs, NGOs and any other technical operation. Experience with hoist, fastropping and underslung operation.

01/2018 - 10/2019

B1.3 Licensed Aircraft Engineer

Weststar Aviation
Services

During my course of employment, I have been exposed to line and base maintenance, and also out of base task including involved in setting up a new base in Miri, Sarawak. These require me to be a fast learner, initiative and analytical, and I am able to work independently with minimum supervision. Thus, I gain invaluable experience from my works which I believe will suit your requirement. Besides defect rectification, I have decent experience in various heavy maintenance checks from 300 hours up to 2400 hours. I am also able to utilize

helicopter maintenance software such as HUMS, Heliwise, AD software and SAP Aero, thanks to Weststar's Training Department.

01/2014 - 03/2018 Helicopter Technician Weststar Aviation Services

Working in a base and line maintenance with AW139, AW189 and S76 C++. Perform pre-flight check, turn around and daily check. Involved in major inspection and other inspection as specific in the maintenance schedule, including 4 years and 8 years inspection. Involved in a replacement of major parts as MGB, MRB, MRH and Engine.

11/2011 - 12/2013 Aircraft Technician Sepang Aircraft Engineering

Working in a base hangar doing heavy maintenance job on aircraft (C-checks); Service, repair, and inspect aircraft for commercial airlines; AIR ASIA and third-party aircraft. Worked with A320-200 with CFM56 and IAE V2500 engines. Removing and installing parts according to AMM. To keep aircraft in peak operating condition. Also involved with composites repair on radome by using vacuum bagging equipments.

03/2010 - 10/2011 Aircraft Technician MRO Support Services

Working in a base hangar doing heavy maintenance job on aircraft (C-checks); Service, repair, and inspect aircraft for commercial airlines; MAS and third-party aircraft. Worked with A320 and B737NG. Removing and installing parts according to AMM. To keep aircraft in peak operating condition.
