

CESSNA®
MODEL 172 (SERIES 1996 AND ON)
 MAINTENANCE MANUAL

REVISION SUMMARY/HIGHLIGHTS

1. General

- A. This section contains a table that gives operators and maintenance personnel a list of the changes that were made to documents in the latest revision of this manual.
- B. Copies of this document may be retained for reference.

2. Definition

- A. Columns
 - (1) Chapter-Section-Subject - This column gives the manual location for each document in the revision.
 - (2) Document Title - This column gives the name of the document as it is given at the top of the actual document and in the Table of Contents.
 - (3) Action - This column gives a short description of the changes that have been made to each document in this revision.
- B. Rows
 - (1) Each row gives all the necessary data for one document that is part of the current revision.

3. Revision Incorporation Procedures

- A. Interactive Electronic Manual
 - (1) Interactive Electronic formats of this manual are automatically updated. No additional actions are required to incorporate the revised documents.
- B. Paper Copies
 - (1) For instructions on how to incorporate revised material in a paper copy of the manual, refer to the Introduction, Revision Filing Instructions.
 - (2) This document can help identify changes in each document but does not supersede the information in the List of Effective Pages for each chapter.

NOTE: For information about document page numbers, refer to Introduction, Page Numbering System. Also, pages 1 - 99 are used for both "General", and "Description And Operation" documents.
