

SAFETY PROMOTION NOTICE

SUBJECT: GENERAL

Ground Rescue Booklet for Airbus Helicopters aircraft

AIRCRAFT CONCERNED	Version(s)	
	Civil	Military
AS350	B, BA, BB, B1, B2, B3, D	L1
EC130	B4, T2	
AS365	N, N1, N2, N3	F, Fs, Fi, K, K2
EC155	B, B1	
EC225	LP	
EC175	B	
H160	B	
MBB-BK117	A-1, A-3, A-4, B-1, B-2, C-1, C-2, C-2e, D-2, D-2m, D-3, D-3m	D-2m, D-3m
EC135	T1, T2, T2+, T3, P1, P2, P2+, P3, EC635 T1, EC635 T2+, EC635 T3, EC635 P2+, EC635 P3, T3H, P3H, EC635 T3H, EC635 P3H	

The purpose of this revision is to inform about the availability of a Ground Rescue Booklet for H160.

Ground Rescue Booklet - PDF format

A Ground Rescue Booklet provides general and safety-related information concerning an aircraft and shall only be considered as a support for users to prepare their own documentation. The booklets will not systematically be updated in line with the aircraft modification process. Depending on the country and the modification status of the helicopter, systems may differ in location.

Airbus Helicopters has already published documents for H125, H130, H135, EC145, H145, AS365, H155, H160, H175 and H225 helicopters, which can be downloaded free of charge from AirbusWorld. A copy is also available [on the Airbus Helicopters website](#), in the Safety subsection.

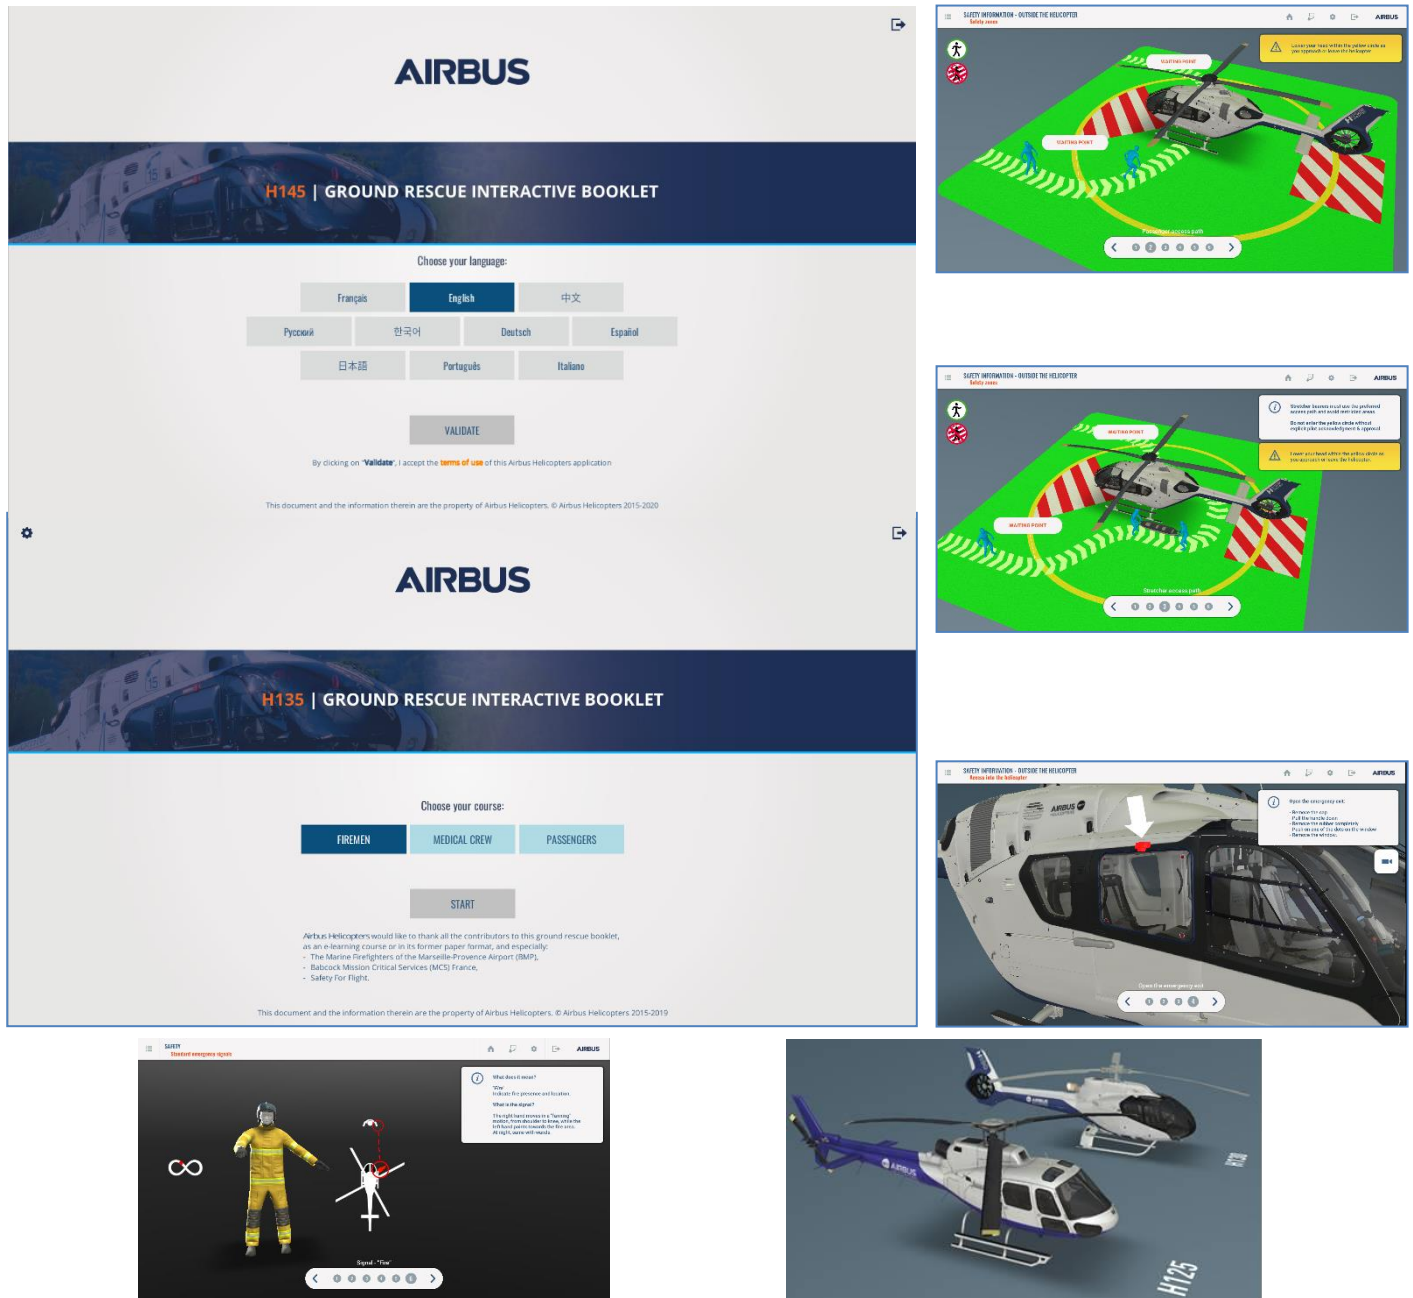

Ground Rescue Booklet - e-learning format

Airbus Helicopters identified a specific interest for H125/H130, H135 and H145 types and decided to propose Ground Rescue Booklets in a digital smart format. They include a reminder of the emergency marshalling signs and are downloadable for free [on the Airbus Helicopters website](#). They are available as an executable (.exe) or directly consultable through an internet browser (html).

No. 3024-P-00

In addition to the information for firefighters, they also include subsections to inform medical crews and passengers on Safety-relevant matters prior to flight.

All 3 e-learnings are available in several languages.

Wide-spread dissemination to firefighters and rescue teams around the world is strongly encouraged.

Related EASA publication

Airbus Helicopters would also like to highlight the recent publication by EASA of the document “Welcoming helicopters: advice to ground personnel”.
