With this Information Notice (IN), Airbus Helicopters is pleased to inform that the installation of NVG VEMD/CAD on non-NVG helicopters has been granted.

The information will be integrated into the Illustrated Parts Catalog (IPC) and will be published with one of the next revisions.

The table below shows two-way interchangeability of the previous ("WAS") P/N with the new ("IS") P/N on dedicated non-NVG helicopter types and variants that are not yet equipped with a NVG VEMD / VEMD&/CAD.

Note: VEMD and CAD must be equipped with the same software version.
