

# Information Notice

**SUBJECT: GENERAL**

**INDICATING AND RECORDING SYSTEMS - Interchangeability and mixability of Instrument Control Panels (ICP)**

AIRCRAFT CONCERNED	Version(s)	
	Civil	Military
EC155	B, B1	

With this Information Notice (IN), Airbus Helicopters is pleased to inform that interchangeability/mixability of NVG and non-NVG Instrument Control Panels (ICP) has been granted.

The information will be integrated into the Illustrated Parts Catalog (IPC) and will be published with one of the next revisions.

The table below shows conditions for interchangeability and mixability of the previous ("WAS") P/N with the new ("IS") P/N.

### No. 3787-I-00

Helicopter	Equipment	Interchangeability P/N (WAS)		Interchangeability P/N (IS)		Condition
EC155	ICP	C19269AA 704A45751123	OG - NVG	C19269BA 704A45751189	NG - NVG	Interchangeability (two-way) and mixability on H/C (which are NVG or not) between/from C19269AA to C19269BA are allowed.
EC155	ICP	C19253AA 704A45751112	Non-NVG	C19269AA 704A45751123	OG - NVG	Interchangeability as a pair on non-NVG H/C from C19253AA to C19269 AA is allowed. Mixability between NVG and non-NVG ICP is forbidden.
EC155	ICP	C19253AA 704A45751112	Non-NVG	C19269BA 704A45751189	NG - NVG	Interchangeability as a pair on non-NVG H/C from C19253AA to C19269 BA is allowed. Mixability between NVG and non-NVG ICP is forbidden.
