INDEX OF TABLE

Table 1: List of incompatibilities	129
--	-----

1 SCOPE

The scope of this document is to identify any compatibility issue for the KITs developed for AW189 Helicopter equipped with General Electric CT7-2E1 engine.

It is the result of continuous monitoring of Design Data Set performed by CPE office.

2 DESCRIPTION

This document trace all the incompatibilities with the exception of:

- NVG incompatibility: see report 189G3360A001 AW189 NVG COMPATIBILITY REFERENCE HANDBOOK [1]
- ICING incompatibility: see report 189G3000A001 AW189 ICING COMPATIBILITY REFERENCE HANDBOOK [2]
- PEDs incompatibility: see report 189G9850A005 AW 189 PEDs COMPATIBILITY REFERENCE HANDBOOK [3]

The kits whose installations is a mandatory requirement or causes restrictions to limitations or performance, are managed into Section 5 of the applicable RFM [4].

If not otherwise specified the KITs with rolled dash number (i.e. 8GXXXXFXXX12) take the compatibility attribute of the previous one published.

3 APPLICABILITY

AW189 model equipped with General Electric CT7-2E1 engine.

The aircraft serial number for which the kits can be installed are:

A: Aircraft Serial Numbers are from 49XXX and from 91XXX

B: Aircraft Serial Numbers are from 89XXX and from 92XXX (Kit extended range RFM supplement 22)
