## Description

### 1 Effectivity codes

Effectivity codes are included in this publication to shown service bulletins, modification and configuration differences.

The effectivity codes are shown:

- In the effectivity space on each page of the introduction data modules
- In the effectivity column of each detailed parts list page of the illustrated-parts data modules. One asterisk is written in the column when the effectivity code is used.

### 2 Introduction data modules - List of effectivity codes
