

# ADVISORY INFORMATION 16/2022

8 July 2022

## ***ALTERNATIVE MEANS OF COMPLIANCE (AltMoC)***

### **1 Introduction**

- 1.1 Civil Aviation Guidance Materials (CAGM) are documents published by CAAM that contains guidelines for persons/organisations to use to demonstrate compliance with the applicable standards and requirements published in the relevant Civil Aviation Directives (CAD).
- 1.2 The CAGMs do not constitute a Regulation/Directive, however notwithstanding Regulation 204 and Regulation 205 of the Malaysian Civil Aviation Regulations 2016 (MCAR 2016), when the CAGMs issued by the CAAM are used, the related requirements of the CAD's are considered as met, and further demonstration may not be required.
- 1.3 Persons/organisations are encouraged to try their level best to follow CAGM's in the best interest of safety. AltMoC should only be used as a last resort if there are no other means of meeting the requirements.
- 1.4 Persons/organisations may choose alternative means to comply with the requirements. In this case, however, they lose the presumption of compliance provided by the CAGM, and need to demonstrate to CAAM that they do comply with the regulations and directives in the best interest of safety.
- 1.5 Approval may be granted provided persons/organisations can demonstrate that compliance with the requirements is achieved through alternative means. It is important to note that approval(s) if granted, will be on a case-to-case basis.

### **2 Application**

- 2.1 Application for AltMOC shall be made using form CAAM/AltMoC/01 which is available on [CAAM website](#) and be sent to the respective division together with the appropriate substantiation documents.

A handwritten signature in black ink, consisting of several fluid, overlapping strokes that form a cursive-style name.
