Processor	BFGoodrich		78-8060-6086-5		0																																																																																																																																																											
Display	BFGoodrich		78-8060-5900-8		0																																																																																																																																																											
Antenna	BFGoodrich		78-8051-9200-8		0																																																																																																																																																											
Graphics Converter	RGC250/ BFGoodrich		805-11400-001		0																																																																																																																																																											
SKYWATCH SKY497 SYSTEM																																																																																																																																																																
Transceiver	TRC497		805-10800-001		0																																																																																																																																																											
Antenna	NY164		805-10890-001		0																																																																																																																																																											
SSCVFDR HONEYWELL SYSTEM																																																																																																																																																																
CVFDR	AR-602C		980-6021-032		0																																																																																																																																																											
ULB Battery	DUKANE	AT74665	DK120/90		0	Expiry Date: Oct 2024																																																																																																																																																										
Level Detector	ECF		64762-001-1		0																																																																																																																																																											
Data Transfer Unit	ECF		91000136		0																																																																																																																																																											
Monitoring Box	ECF		211499R8496		0																																																																																																																																																											
Signal Conditioner Unit	ECF		66223-011-2		0																																																																																																																																																											
MFD/DAU	ECF		360-00700-100		0																																																																																																																																																											
ATA22 AFCS	AMPS2010	704A47134172 704A47134205 704A47134210	Limited	Yes	No	Limited remaining spares Repairability secured Redesign under preparation.	New	Not Applicable: Component not affected.																																																																																																																																																								
ATA25 Equipment	Snap Hook	MPN 4892	Yes	N/A	No	Limited stock available; Replacement solution under investigation	cont'd from 2020	Not Applicable: Equipment not fitted.																																																																																																																																																								
		4881-2					New	Not Applicable: Equipment not fitted.
