SERVICE INFORMATION LETTER

WARNING - PROPRIETARY RIGHTS NOTICE

This document is the property of Pratt & Whitney Canada Corp. ("P&WC"). You may not possess, use, copy or disclose this document or any information in it, for any purpose, including without limitation to design, manufacture, or repair parts, or obtain FAA or other government approval to do so, without P&WC's express written permission. Neither receipt nor possession of this document alone, from any source, constitutes such permission. Possession, use, copying or disclosure by anyone without P&WC's express written permission is not authorized and may result in criminal or civil liability.

Subject: **Europe, Middle East, and Africa Spare Parts Distribution**

Applicability: **Models as outlined below**

This Service Information Letter (SIL) is to inform our P&WC customers in Europe, Middle East, and Africa (EMEA) that, as part of P&WC's continued efforts to increase spare parts availability and responsiveness, P&WC has appointed VSE Aviation Inc. and VSE Aviation Germany GmbH (VSE) to distribute line maintenance new spares and the exchange of line replacement units effective January 1st, 2024 for all engine models listed in the table below. As the Original Equipment Manufacturer (OEM), P&WC continues to fully support warranty, technical and manufacturing support for engine models listed.

The transition to VSE will be a phased approach starting immediately and continuing into 2024. Customers will be contacted by VSE to be on-boarded and transition into placing new orders with VSE.

In order to ensure a smooth transition, P&WC will be providing relevant available customer information to VSE, such as customer names, addresses and facility ship-to locations in this region as well as contact information to facilitate the on-boarding process within VSE's order management systems.

VSE is a worldwide distributor of aviation products providing 24/7/365 support to aircraft operators, commercial airlines, helicopter operators, general aviation, and maintenance facilities.

The distribution agreement covers the following engine models:
