SERVICE INFORMATION LETTER

ADAPTATION OF SUPPORT SERVICES PRACTICES FOR OBSOLETE AIR DATA UNIT 3000 (ADU 3000) PNR C17027AA01, PNR C17027CA01 AND PNR C17027DA01

1. Effectivity

This Service Information Letter is applicable to the AIR DATA UNIT (ADU) PNR C17027AA01, PNR C17027CA01 and PNR C17027DA01.

2. Reason

The Air Data Unit 3000 (ADU 3000) PNR C17027AA01, PNR C17027CA01 and PNR C17027DA01 are no longer produced by Thales AVS and have not been in production for a number of years.

This Service Information Letter is to announce that the Air Data Unit 3000 (ADU 3000) PNR C17027AA01, PNR C17027CA01 and PNR C17027DA01 are now moving into an "Obsolete – limited service" category due to the limited availability of parts to maintain the Air Data Unit 3000 in repairable condition.

3. Description

Thales AVS has developed a new generation of Air Data Unit (ADU 3200) PNR C17133AA01 and PNR C17133BA01 to overcome the obsolescence of the former generation of the Air Data Unit 3000 (ADU 3000) with the PNRs given in the paragraph Effectivity.

Please contact Airbus Helicopters regarding the mixability and interchangeability as it is linked to aircraft configuration.

Thales AVS will no longer provide Spare units (New or Used) of ADU 3000 PNR C17027AA01, PNR C17027CA01 and PNR C17027DA01.

Thales AVS will propose an Air Data Unit 3200 PNR C17133AA01 or PNR C17133BA01 in case the Pressure sensor P92-200 PNR E17207AA or E17207CA have to be scrapped during an in shop repair or pieces parts or SRU are no longer procurable (commercial condition available on request).

Standard exchange service on air data unit 3000 remains unaffected.
