WARNING

This manual provides information for "O/I LEVEL" maintenance components fitted on helicopters and supplied by the manufacturer. As a general rule, the operations described can only be performed in workshops equipped with special tooling. The data contained in the manuals are only the Vendor's responsibility.

For "D LEVEL" maintenance, please contact directly the manufacturers as it is their responsibility.

The CMMs are delivered in the available languages of the components manufacturers.

For " Standard practices manual ", 20-00-10 or 32-09-01 SAFRAN LANDING SYSTEMS, please contact directly the manufacturers as it is their responsibility.
