

TECHNICAL INFORMATION LETTER

TIL N° T-169-21-006

T-189-21-002

DATE: October 21, 2021

REV.: /

To: Leonardo Helicopters products
Owners / Operators / Service Centres

SUBJECT: Thermal Strip PN M06SHA094D01R1

Helicopters Affected: AW169, AW189

Dear Customer/Operator,

Leonardo Helicopters (LH) wishes to provide you with additional information on the thermal strip P/N M06SHA094D01R1 installed on tail rotor duplex bearing spacer P/N MM6430A00151 installed on AW169 and AW189 helicopters or kept in stock.

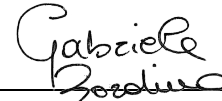

LH would like to highlight that the applicable thermal strip is made by yellow/brownish boxes turning to black colour when triggered by a specific temperature, as shown in the picture here below:

In order to support the Operators during the accomplishment of the temperature check on the thermal strip requested by SB169-178 and SB189-272, the aforementioned information, already available on the component data sheet, will be added at the first suitable occasion in the relevant AMP Data Module of AW169 and AW189 IETP.

Should you need any additional information, please do not hesitate to refer to the point of contact provided with the Customer Support & Training Worldwide Directory, available on Leonardo Customer Portal at this [link](#).

Yours Sincerely,

Gabriele Bordino
Head of Product Support Engineering
